

**2024 Clinical Instructor of the Year**  
**Rachel A Wolfe, DNP, CRNA, CCRN, CPN**

To the Board and Administration of the AANA,

Thank you so much for the honor of this award, AANA Clinical Instructor of the Year. I am truly grateful to those who nominated me and to my students – each of whom has helped shape who I am as a practitioner.

We are only as good as our last anesthetic – and as I teach, I continue to grow as an advanced practice provider while helping my students to learn as well. I am grateful for the opportunity to educate and believe that by preparing my students I am ensuring a safer, higher-quality anesthetic to our patients, friends, and family members.

I am extremely grateful to my family for their support as I strive to be my best in and out of the operating room.
