

How to Self-Query the NPDB

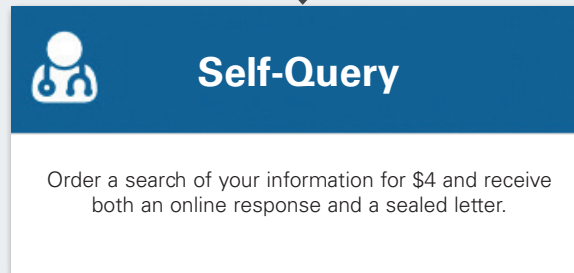

1

Go to the
National
Practitioner
Data Bank

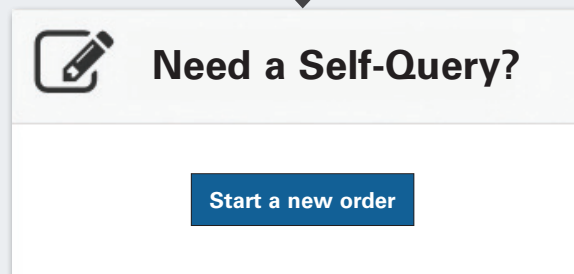

2

To the right of
the screen, click
"Start or Sign
into a Self-Query"

3

Select "Start a
new order"
and supply the
information
requested.

The results of your report may show no matching information was found. If there have been reports made on your behalf, full reports will be provided. You can choose to receive the results of your request electronically or by mail.
